

ANIS MANSURI

Data Analyst

ABOUT ME

Results-driven Data Analyst skilled in Python, Excel, Power BI, ML, and statistical analysis. Strong problem-solving, communication, and analytical abilities, eager to drive data-backed decisions in a fast-paced environment.

SKILLS

Python

Data Visualisation

Trend Analysis

Excel

Power BI

MySQL

EDUCATION

2021-2025

Bachelor of Engineering 8.26 CGPA

Government engineering college Modasa

+91 8000940600

anishmansuri9997@gmail.com

Ahmedabad - 380055

<https://www.linkedin.com/in/mansuri-anis-7b784a266/>

PROJECTS

● Online Ticket Booking

- Developed a Python-based online Ticket Booking Application that displays real-time bus timings. Implemented seamless ticket booking and cancellation features for users.
- Designed the system to provide a smooth and efficient ticket management experience.

● Recipe web app

- Developed a Python Django recipe web app with user login/logout, allowing users to add, view, search, and delete recipes.
- Implemented a simple UI with full CRUD operations to manage recipes based on user requirements.

● Zepto Case Study Analysis

- Performed comprehensive data cleaning, preparation, and exploration to uncover insights from Zepto's customer dataset.
- Applied advanced analytical techniques such as FRM segmentation and Cohort Analysis to evaluate user behavior and business performance.

COURSES

● Data Analysis with Python — Tops Technologies (In Progress)

- Learning data cleaning, preprocessing, EDA, and visualization using Python, along with core SQL concepts.
- Working with Pandas, NumPy, Matplotlib, Seaborn, and SQL queries for hands-on analytical insights.
- Practicing Django, Machine Learning models, and full-stack CRUD operations to build real-world applications.
